NL PURSES

WHAT YOU NEED TO CONSIDER

THE PRODUCT SPECS:

The NL Pures have the largest-ever field of view with superior image clarity. The unique shape allows the NL Pures to fit comfortably in your hand, ready for any moment. While SWAROVISION technology guarantees stunning and clear images, helping to pull every unique detail of your safari closer.

Options include - 8x32 - 8x42 - 10x32 - 10x42

MAGNIFICATION:

The number in front of the 'X' specifies the magnification. Therefore if it says '8X' it means the binoculars has 8 times the magnification.

OBJECTIVE LENS DIAMETER:

This speaks to how much light is let into the binoculars. Important consideration for twilight hours. The number behind the 'X' specifies the object lens diameter. The higher the number, the more light is let in - an important consideration for game drive.

FIELD OF VIEW:

Describes how large the image is while looking through the binoculars. The larger the magnification, the smaller the image.

INCLUDES:

FSB functional sidebar; comfortable strap; eyepiece cover; objective lens cover and cleaning kit.
